

DAY #1,2,3 of learning flutter

Topic: image,background,assects

Code:

```
import 'package:flutter/material.dart';

void main() {
  runApp(MaterialApp(
    home: Scaffold(
      backgroundColor: Colors.lightBlueAccent,
      appBar: AppBar(
        backgroundColor: Colors.pinkAccent,
        title: const Text("assect id pic"),
      ),
      body: const Center(
        child: Image(
          image: AssetImage('assects/idpic.jpg'),
        ),
      ),
    ),
  ));
}
```

output:
